## **Join in the 4rd International Biennial DESIGN.S 2020.**

The Technical Museum in Brno invites applications to the 4rd International Biennial DESIGN.S 2020.

**The exhibition of student works will be held from 23 June to 27. September 2020 in the Technical Museum in Brno.**

**Registration deadline: March 30, 2020.**

The aim of the project is to present the best of what has emerged in the field of student design across different schools, and at the same time to confront student work from different countries.

The biennial is designed for all students of design and related disciplines. Recent graduates can also take part. The only condition is that the work was created during the course of study, however, it must not be older than three years.

Selected works will be exhibited at the student design show. The best works will be awarded by an expert jury or business representatives.
